

### 17 Caliber Woodchuck Den Gold Bullets

We are now offering very specialized high ballistic coefficient seventeen caliber Gold bullets for the most discriminating seventeen caliber shooter. Our new 25 grain Gold bullet will work with either a 1/9 or 1/10 twist barrel B.C. of .225 with extraordinary accuracy and long range performance.

Our now legendary 27 and 30 grain Gold bullets have a B.C. of .243 and .270 respectively. These two bullets need a 1/9 twist barrel and have incredible accuracy and down range performance. Number 1 bullet for the most serious varmint shooter.

**These will work very well in the new Remington 17 Fireball!!**
