 The 20 caliber is starting to take off the launch pad and gaining in popularity very quickly. Shooters are finding recoil very similar to the 17 caliber and velocity similar as well. **A hot new twist for varmint/target shooters.** The 20 VarTarg based on the 221 Fireball is destined to have a very bright future. The Woodchuck Den, Inc. has information, 20 caliber bullets, cleaning rods and brushes, bore guides, neck turners that can get your 20 caliber project going. Call! **New 20 PPC, 20 BR and Tactical Twenty (20/223), 20 VarTarg, 204 Ruger.**
Order your new Terrific Twenty Reloading Manual now!

The Woodchuck Den, Inc. has developed the new 22 Squirrel. This cartridge is based on the shortened and improved Hornet for precision shooting to 100 yards. Also, The Woodchuck Den, Inc. has completed tests on the 17 Squirrel as well. We have Redding dies for both of these in stock and custom formed brass at a very reasonable price. Now you can tailor your loads for squirrel, turkey, or 200 yard prairie dogs and varmints. (Dies available 17, 20 and 22 Squirrel)

Check out our new Small Caliber News website at www.smallcaliber.com for an exciting look at our quarterly magazine on small caliber rifles and handguns. Starting our 11th year!
